Dear Parent/Guardian,

The Communicable Diseases Agency (CDA), in collaboration with the Ministry of Education (MOE), conducts a programme titled Empowered Teens (eTeens to educate Secondary 3 students about preventing STI (Sexually Transmitted Infections)/ HIV (Human Immunodeficiency Virus). The programme, which was previously managed by the Health Promotion Board (HPB), provides information on the transmission and prevention of STIs/HIV and helps guide students to make good life choices to avoid risky sexual behaviors.

2. The following topics are taught:

- a) Sexually transmitted infectious diseases (STIs and HIV): what it is, how it spreads, how to prevent infection mainly through ABC (abstinence, being faithful, correct, and consistent condom use), consequences and impact
  - Skills for respecting boundaries (e.g. decision-making, assertiveness, negotiation to say 'no' to peer pressure)
- b) Managing relationships and risky situations in a healthy way, including avenues for help-seeking

3. The programme includes a mass talk and a classroom-based lesson:

- a) The mass talk includes a presentation on different scenarios involving teenagers and responsible decision-making to respect the boundaries of self and others.
- b) The classroom-based lesson by an MOE Sexuality Education trained (SEd) teacher reinforces skills of responsible decision-making, negotiation and assertiveness, based on the values which students have been brought up with, in the family and the community. The training for teachers who conduct the classroom-based lesson is provided by MOE.

4. Additional information is available on the MOE website <https://go.gov.sg/moe-sexuality-education>.
